

Application NDASS:

Name:

Aaron Frederiks

Year Level:

MED300 in 2016.

What role are you applying for?

Secretary.

Why would you like the role?

I am passionate about surgery and wish to continue the superb work of the inaugural 2016 NDASS Committee to ensure that NDASS continues to deliver excellent, timely and relevant surgical educational opportunities for its members.

What are your ideas for the role in 2017?

I feel that NDASS has set a high benchmark in providing three quality events in its inaugural year of operation, and I wish to help NDASS to continue to build upon its success and potentially expand its offerings in 2016. As Secretary, my role would be to ensure that events and relevant bookings are made early, the NDASS Committee are apprised of information, tasks, meeting minutes and responsibilities in a timely fashion, and the broader NDASS membership is well informed of upcoming opportunities and events.

What can you bring to NDASS as an Executive or Operations Committee Member?

As a MED300 Co-Chair of NDASS in 2016, I became familiar with the inner workings of NDASS and what was required to deliver a successful event. Unsurprisingly, organisation, communication and effective teamwork are essential. I promoted NDASS' events within my year group, wrote articles for the Notre Damus, and assisted with planning and preparation for events. I also assisted in late 2015 and early 2016 in establishing NDASS as an incorporated association at law, and have continued to provide legal advice throughout the year.

What is your relevant past experience?

I was MSAND Secretary in 2015 and was a professional indemnity and commercial litigation lawyer in my past life.
